WELCOME

AT THE RESTAURANT HOTEL WEISS

On the following pages you will find an overview of our seminar offer and our packages.

Overview of our company

In the centre of Munderfing, next by two mighty chestnut trees, you will find our hotel.

➔ RESTAURANT WEISS

4 rooms and a cosy garden offer space for a total of approx. 180 people. The kitchen team always works with regional, seasonal and fresh products and cooks delicious national and international dishes.

Whether for a quick lunch, a nice dinner, a birthday party or other occasions. Our restaurant is the perfect place for any event.

For larger parties and events, the seminar room can be transformed into a beautiful 120-person venue. Dance floor and space for a band included!

➔ HOTEL WEISS

48 rooms on 3- and 4-star level as well as a Junior Suite on the 3rd floor form the basis of our hotel. Also on the 3rd floor is our fitness room equipped with TechnoGym machines, as well as two saunas with a panoramic view of the Kobernaußerwald.

The rooms of the 4-star category offer a comfortable box-spring bed, a SmartTV, a 3m² shower and a very spacious balcony. What is special about our rooms? Each room is unique!

During the construction of the hotel, the environmental aspect was extremely important to us. An all-wood construction with Austrian timber, a water heat pump, photovoltaic systems and much more ensure sustainability. You can also charge your electric car at our charging stations.

➔ RESTAURANT GARAGE

Right next to the KTM Motohall and on Mattighofen's town square is the Garage restaurant. The restaurant in KTM design is perfect for a quick lunch, an afternoon coffee or a nice dinner. You are also very welcome to hold various celebrations with us.

In the Garage restaurant we offer a variety of national and international dishes. As our guests can confirm, we only work with fresh, regional and seasonal products, which are transformed into delicious dishes by our kitchen team.

Good hotel business is easy to define:
When the guest leaves the house happier
than when he arrived. ~ unknown

SEMINARROOM

IN MUNDERFING

The bright and modern seminar room with high-quality equipment is perfect for any workshops and events.

The size of the room in combination with the furnishings, the windows and the equipment creates a perfect working atmosphere. The room offers several advantages.
